

## Trimming Trees Near Streets and Sidewalks

During the year, city employees go throughout the neighborhoods to determine if trees or shrubs in park strips or on private property could contribute to vehicle or pedestrian accidents. These employees check the clearance of tree limbs and shrubs which extend over the sidewalk or road, as well as the visibility of street signs. City ordinance states a 14 ft clearance is required over the road with an 8 ft clearance over sidewalks.

If a tree or shrub needs to be trimmed, a green "Trimming Notice" is placed at the residence. This notice gives property owners the option to trim the foliage themselves within ten days or allow city employees to do the job. There is no cost to property owners for the city employees to trim the trees.

Your cooperation will make the city a safer place for pedestrians as well as motorists. If you have questions, please call 568-2999.

## Economic Development Update

*Utah has one of the hottest economies in the nation right now, and Sandy City is at the heart of that economic growth. Here is an update of a number of new projects planned or currently under construction throughout the city.*

### Retail:

The Commons at South Towne – New stores are planned and being built where the old Wal-Mart store was located, including some mid-box stores.

Little Cottonwood Center – A new Home Depot store recently opened and more stores and services are planned in this center.

Quarry Bend – Small shops and restaurants are under construction in a village-themed development along Ski-Connect Road. Wal-Mart and Lowe's are complete.

### Office:

Union Heights – A 149,000 square foot Class A office building is currently under construction.

Arbor Plaza – This project to the southeast of City Hall is currently under construction and will consist of a two-story, 65,000 square foot office building.

Gregory & Swapp Office Building – This project, located at 9950 South 300 West will include a 79,000 square foot office building housing legal and other office services.

### Hotels:

Hilton Garden Inn – This 150-room hotel is currently under construction at the corner of Sego Lily Drive and Monroe St.

Hyatt Summerfield Suites – A 124-room hotel is currently under construction at 9680 South Monroe Street.

Residence Inn by Marriott – Currently this hotel is completing the addition of 50 rooms.
